This is a follow-up to your previous request [#4822473](#) "[NA]Re: [Google Skills Supp..."

Dear 

I wanted to briefly update you on the status of the inquiry.

Following your identification of the Grow with Google / Career Certificates program team as the appropriate contact for issues regarding marketing representations, employer consortium references, and the overall value positioning of the Google Cybersecurity Certificate, I attempted to locate the program's support channels on the public Grow with Google pages and within the Google Help Center.

I reviewed the following pages:

- the Grow with Google main page¹
- the Grow with Google Career Certificates page²
- the Grow with Google Cybersecurity Certificate page³
- Google Help Center search results for "Grow With Google"⁴
- Google Help Center search results for "Career Certificates"⁵

Across these pages, I was unable to identify a direct support contact or submission channel specifically associated with the Grow with Google Career Certificates program team.

Accordingly, in order to follow the routing guidance you provided as closely as possible, I relied on contact details referenced within available program materials:

- careercertsupport@google.com — listed in the Google Career Certificates summary booklet hosted on the Google services domain⁶
- growwithgoogle@google.com — listed on an external partner page referencing the Grow with Google Career Certificates program⁷

On March 2, I sent my inquiry to careercertsupport@google.com and copied growwithgoogle@google.com for program visibility.

The messages did not bounce.

However, as of today, I have yet to receive a response.

Given that the addresses appear to be active, I will continue to allow for a reasonable response window and will follow up if required.

Thank you again for your support in this matter.

Best regards,
